

ACdO

PET Lamp

Instructions and
International Guarantee

Dear customer,

Thank you for purchasing one of our products. We hope it will fulfill your expectations and transmit all the effort and love we invest in each of our projects.

ACdO is the platform from which the Studio Álvaro Catalán de Ocón produces and distributes some of its most personal pieces.

For us, this close relationship between designing and making gives us the freedom to experiment and try out new projects, which otherwise would be difficult to develop within the constraints of a client commission.

In each new project, the design process is geared to guarantee maximum honesty of processes and materials in order to offer not just an object but a collection of stories and sensations. All of our pieces are produced globally, using high-end local industrial processes and worldwide specialized crafts by the best artisans. They are then assembled with great care in the studio to offer the quality and finish we demand in order to create a long lasting collection of products.

CONDITIONS AND EXCLUSIONS

The international ACdO guarantee only applies within the guarantee period. The product can be taken in person to an authorised service centre or must be adequately packaged and returned, by recorded delivery (or equivalent method of postage), to a ACdO authorised service centre. Full address details of authorised service centres are listed in the bottom of this document. Or by calling the appropriate telephone number to request the appropriate postal address.

ACdO shall not be obligated to repair or replace any product which is not accompanied by a valid proof of purchase.

This guarantee will not cover any damage which could occur as a result of misuse, negligence, failure to follow PET Lamp instructions, use on current or voltage other than as stamped on the product, or a modification or unauthorised repair of the product. It also does not cover normal wear and tear, maintenance or replacement of consumable parts, or the following :

- Using a bulb of a higher wattage than maximum specified on lampholder and instructions.
- Damage or bad results due to wrong voltage or frequency.
- Mechanical damages, overloading.
- Accidents including fire, flood, thunderbolt, etc.
- Replacement of consumables.
- Using the product in outdoors environments or installing it in places not correctly protected from rain, wind and direct sunlight.
- Natural loss of shape of the lampshades due to change of humidity conditions.
- Loss of color of the lampshades due to strong or direct sunlight.
- Any damage caused by the modification or intervention on any of the electrical components, including lampholder, cable and electrical connector.

This guarantee does not apply to any product that has been tampered with, or to damages incurred through improper use and care, faulty packaging by the owner or mishandling by any carrier.

PET Lamp is a handmade product and small imperfections and irregularities in colors and shapes are part of the aesthetic and value of the product. Therefore PET Lamp can not respond to any of these kind of appreciations.

INTERNATIONAL GUARANTEE

This product is guaranteed by ACdO (company address and details included in the bottom of this document) against any manufacturing defect in materials or workmanship in the period of 1 year starting from the initial date of purchase.

The international manufacturer's guarantee is an extra benefit which does not affect consumer's Statutory Rights.

The international manufacturer's guarantee covers all costs related to restoring the proven defective product so that it conforms its original specifications, through the repairing a defective product. ACdO's sole obligation and your exclusive resolution under this guarantee are limited to such repair or replacement.

CONSUMER STATUTORY RIGHTS

This international ACdO guarantee does not affect the statutory rights a consumer may have or those rights that cannot be excluded or limited, not rights against the retailer from which the consumer purchased the product. This guarantee gives a consumer specific legal rights, and the consumer may also have other legal rights which vary from State to State or Country to Country. The consumer may assert any such rights at his sole discretion.

TOOLS YOU WILL NEED

PHILIPS SCREWDRIVER

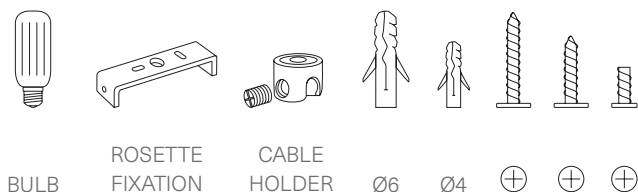

DRILL Ø6

TECHNICAL DETAILS

Input	220 / 110V
Bulbs	E14 / E12 - Max. 25W E27 / E26 - Max.60W

WHAT DOES YOUR BOX CONTAIN?

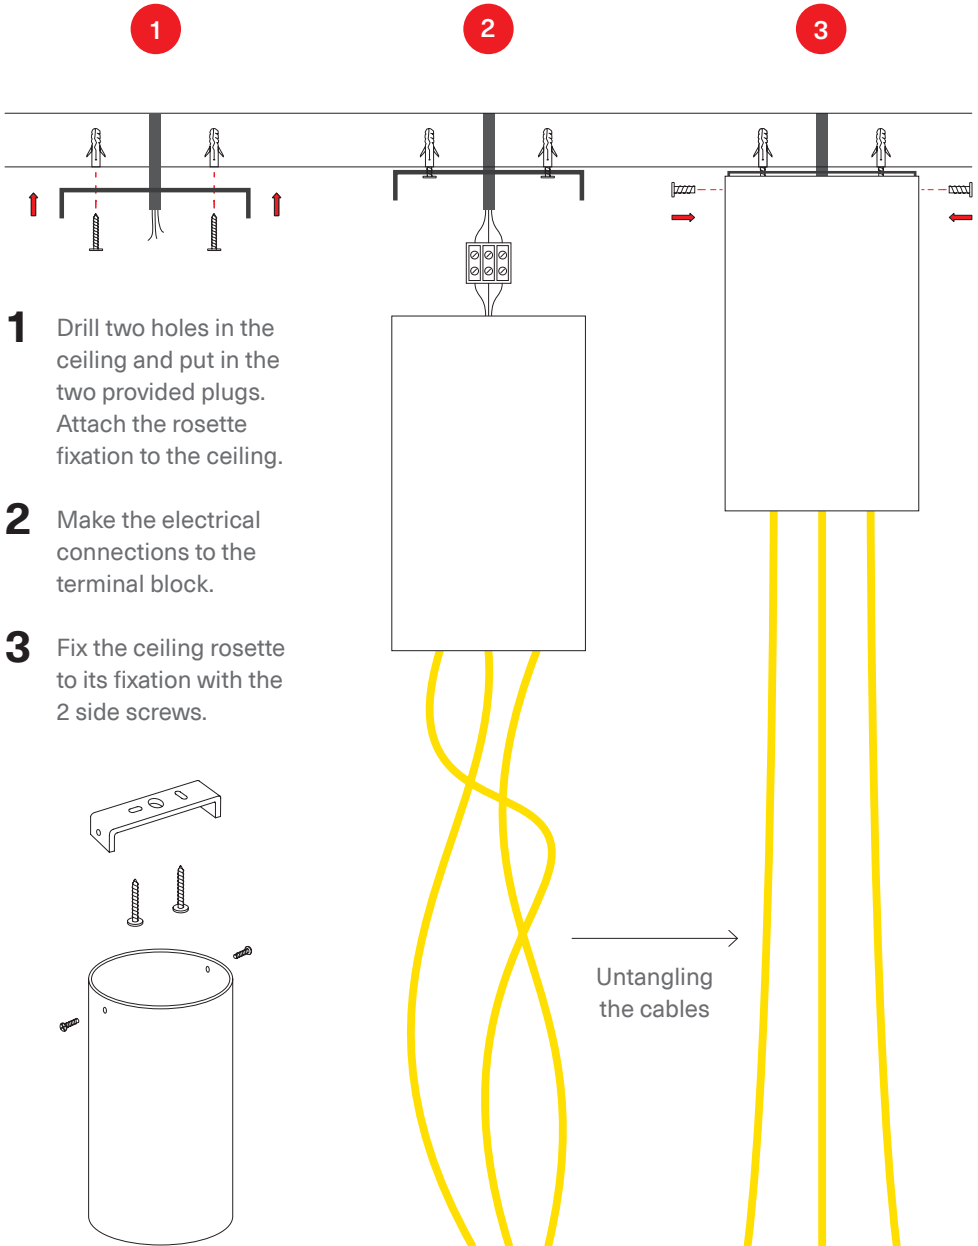

Together with the lampshade, the cable and the rosette you will find the following components :

	EPERARA-SIAPIDARA Set of 3 Lamps	x 3	x 1	x 3	x 2	x 3	x 2	x 3	x 2
	EPERARA-SIAPIDARA Set of 6 Lamps	x 6	x 1	x 6	x 2	x 6	x 2	x 6	x 2
	EPERARA-SIAPIDARA Set of 12 Lamps	x 12	x 1	x 12	x 2	x 12	x 2	x 12	x 2
	EPERARA-SIAPIDARA Set of 21 Lamps	x 21	x 1	x 21	x 2	x 21	x 2	x 21	x 2
	CHIMBARONGO Set of 3 Lamps	x 3	x 1	x 3	x 2	x 3	x 2	x 3	x 2
	CHIMBARONGO Set of 6 Lamps	x 6	x 1	x 6	x 2	x 6	x 2	x 6	x 2
	CHIMBARONGO Set of 12 Lamps	x 12	x 1	x 12	x 2	x 12	x 2	x 12	x 2
	CHIMBARONGO Set of 18 Lamps	x 18	x 1	x 18	x 2	x 18	x 2	x 18	x 2
	CHIMBARONGO Set of 3 Triple Lamps	x 3	x 1	x 3	x 2	x 3	x 2	x 3	x 2

INSTALLING THE ROSETTE

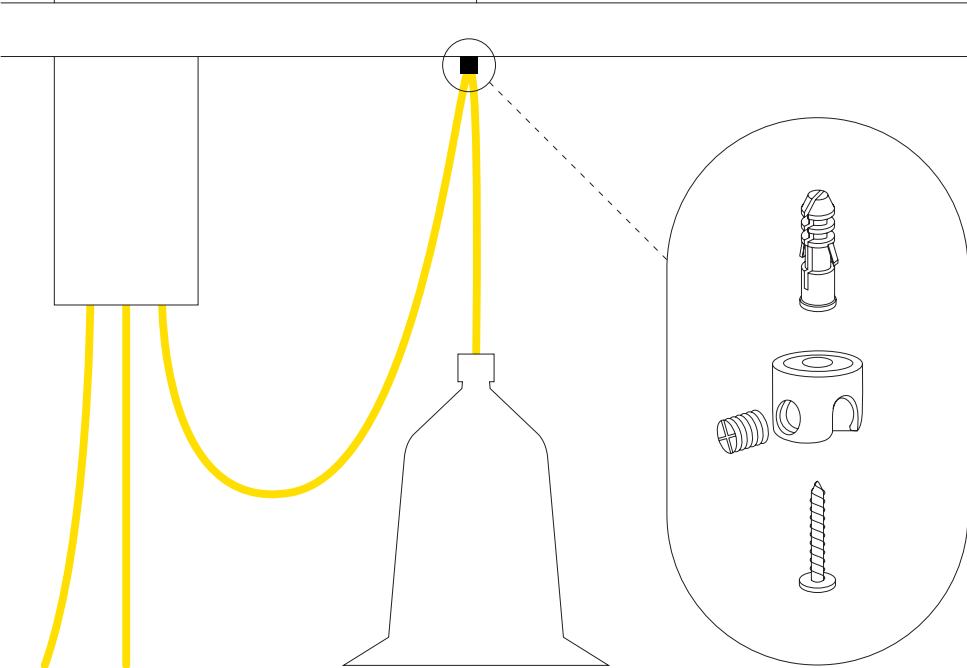

The central hole of the rosette has no cable connected to it. In case the source of electricity is not provided above the rosette, you can connect an external cable through that middle hole.

INSTALLING THE CABLE HOLDER

Make sure that the cable holders are pointing towards the rosette and that the cables are not crossing.

ADVICE ON THE SETTING

Before attaching the cable holders and the cables to the ceiling, we advise you to think about the composition of the lampshades in your space.

LAMPS

ROSETTE

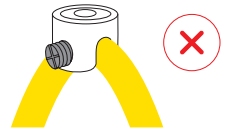

*Eperara-Siapidara set of 21 lamps works the same as the set of 18 lamps but with 7 lamps per span.

FASTENING OF THE CABLE

To adjust the height of the lampshade, get the cable out, adjust and put it back again. For fine adjustment carefully slide the cable through the cable holder, as it could damage the textile cover.

The sidescrew traps the cable securely in the cable holder. The plastic screw should not be screwed in too much. It may damage the cable. But if screwed in too little, the lampshade may drop. The sidescrew should be aligned with the surface of the cable holder.

WHAT IF YOUR LAMP IS OUT OF SHAPE

In case your PET Lamps are deformed, they can be pulled back to their original shape easily. You just need to slightly spray a little water (as you would with a panama hat), reshape, and place it flat on the ground. Once it is dry, it will keep the original shape. Make sure they are disconnected from the mains when doing this.

This lamp is not a toy. For interior use only. Dry locations only. Lamps get warm to touch while they are on, this is normal. The cables are covered with textile, so they can be damaged easily. Before cleaning PET Lamp make sure it is switched off. Gently wipe the lampshades with a damp towel.
